Inspired by diamond cutting techniques,

iD Mixonomi Jewels pushes iD Mixonomi to its utmost potential by calling upon our Floorcraft cutting and assembling service. This precious stone, graciously cut, is embodied in every format of this collection. The layouts intertwine to highlight the captivating geometric shapes of a diamond.

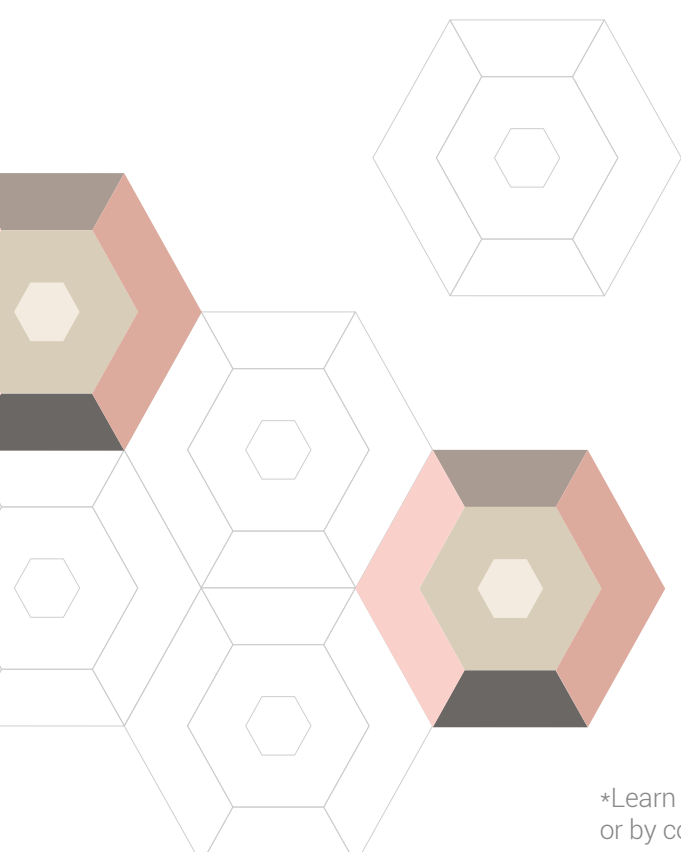

BEAUREGARD

In 2012, Aurélie Paoli founded Beauregard Studio. As a perfectionist and dedicated artist, she rapidly built a strong identity for her studio by designing premium, modular and bespoke creations. Aurélie's collaboration with Tarkett was initiated in 2018 to create a new collection that bridges the heritage of craftsmanship with our innovative iD Mixonomi flooring.

NATURAL CULTURE COLOUR THEMES BY BEAUREGARD

The Beauregard studio imagined 5 colour harmonies from our diverse spectrum of 34 colours. Their colour story is different and each one conveys one of the following qualities: sophistication, delicacy, energy and serenity.

You may find inspiration through these suggested themes or create your own colour expression with our 34 colours.

Our first colour theme is Natural Culture. It mixes ubiquitous and versatile nuances. This modern pastel palette includes some feel-good tones and can also be used as alternative neutrals.

NEO 70'S COLOUR THEMES BY BEAUREGARD

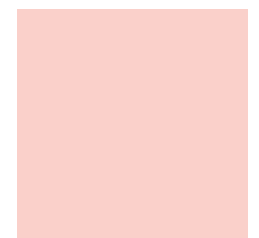

Our Neo 70's colour theme goes together with a new retro flavour with a Seventies twist. The Drage, a milky ice-cream colour in light and bright hues, is complemented with the warmth of the Terracotta. Copper, burgundy and prussian blue enhance it all with a modern twist and a retro charm.

SERENITY COLOUR THEMES BY BEAUREGARD

Black and white will forever be a popular and desirable classic. This look can be edgy, sophisticated, stylish and so much more. Instead of rooting for a classic black for this colour harmony, we chose a modern black shade known as charcoal. It matches beautifully with soft neutrals and really stands out with just the right amount of glitter.

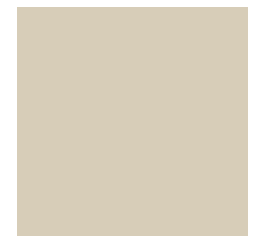

Black is, undoubtedly, the new black!
