

Interdeco™

Style: Rexcourt | 0004V
Color: Grand Maple | 02001

A practical cushion backed resilient alternative to conventional wood floors.

- Absorbs shock and impact, reduces vibration to lessen leg stress, and offers optimum traction and slip resistance for the prevention of injuries.
- Creates subtle spring-like effect to reduce fatigue and allow for more efficient running and jumping.
- Meets NCAA and EN standards for ball bounce-back percentage and has softer acoustics for a quieter gym.
- Polyurethane coating seals out dirt and eliminates the need for polishes or finishes. Simple maintenance involves daily dry mopping and wet mopping as needed.
- 6.5 mm thickness is more forgiving over uneven subfloors
- 10 year wear warranty

Durable Style.

Rexcourt® – a high-performance sheet flooring for use in athletic or anti-fatigue areas.

Rexcourt contains a realistic high-resolution image layer that gives the floor the undeniable look of a professional hardwood surface. The closed-cell foam backing creates a spring-like effect to reduce fatigue and allow for more efficient running and jumping. Rexcourt meets NCAA and DIN standards for bounce-back percentage – while maintaining softer acoustics for a quieter gym.

Collection

Rexcourt is available in an array of realistic hardwoods, as well as accent colors for striping and insets. This distinctive and durable flooring is engineered to withstand the heavy-traffic and high-impact demands of gymnasium or community center sports flooring. Plus, the benefits of shock absorption, elasticity, stability and noise reduction.
