Climate change is undeniable. And reversible. Our mission is to prove it. Join the #ClimateTakeBack and help create a climate fit for life.

Steady Stride Collection | LVT

Interface®

A shrewd balance of design and performance, the Steady Stride™ Collection features a core group of LVT designs that you'll come back to again and again. Steady Stride Woodgrains introduce a slimmer dimension on the floor with its 12.5cm x 1m planks, while its classic Steady Stride Concretes come in our standard 50cm x 50cm square format.

As Criterion LVT products, Steady Stride planks and squares are 3 mm thick, including a 22 mil wear layer with Ceramor™ coating backed by a 15-year warranty

Steady Stride LVT is fully recyclable through our **ReEntry®** program and contains a significant percentage of recycled content. As part of our global product portfolio, Steady Stride is carbon neutral. Impactful on the floor. Impactful on the planet. **Carbon Neutral Floors™**

Why Our Modular Resilient Criterion LVT?

Budget Friendly.

Criterion LVT is an affordable solution with the right mix of aesthetic and performance attributes.

Easy Maintenance.

Routine maintenance is easy. Just sweep and mop to keep your floor looking good.

Integrated System.

Criterion LVT is part of our dimensionally compatible modular system of LVT, carpet tile and rubber, expanding your design possibilities with a wide range of shapes, colors, patterns and textures.

Circular System.

Keep flooring out of the landfill. All Interface LVT is produced with a controlled material stream so it can be reclaimed and recycled into our recycled content backing through our ReEntry™ program.

High Performance from Top to Bottom.

- 1. Ceramor™ Coating.** UV stabilized protective coating with ceramic finish minimizes everyday scratching and scuffing.
- 2. Wear Layer.** High quality 22 mil layer enables 15 years of resilience and performance.
- 3. Print Film.** Creates visual appeal with beautiful design.
- 4. Core Sheet.** Provides durability and stability.
- 5. Backing.** Provides resistance to residual indentation.

Third Party Certification.

Third Party Certification
Our Carbon Neutral Floors program is annually verified by a third party.

Carbon Neutral Floors. All of the flooring products that we sell—carpet tile, LVT and rubber—are carbon neutral. We've taken a holistic approach to achieve carbon neutrality, first through reducing the carbon footprint of our products and then using carbon offsets for the remainder.

Environmental Product Declaration (EPD). Interface LVT products are covered by an EPD. An EPD provides a comprehensive statement of product ingredients and environmental impacts based upon life cycle assessment performed to ISO standards.

Sustainable Assessment. Interface LVT meets the certification standards of the NSF/ANSI 332 Sustainability Assessment for Resilient Floor Coverings. This standard evaluates the environmental impact of resilient floor covering for its entire life cycle.

Indoor Air Quality. All Interface modular flooring products meet the highest standards for indoor air quality. Interface LVT is GREENGUARD Gold and FloorScore® Certified and CDPH 01350 compliant, assuring very low emissions of VOCs.
