

STUDIO FOLIO

A Cut Above

Interface Hospitality

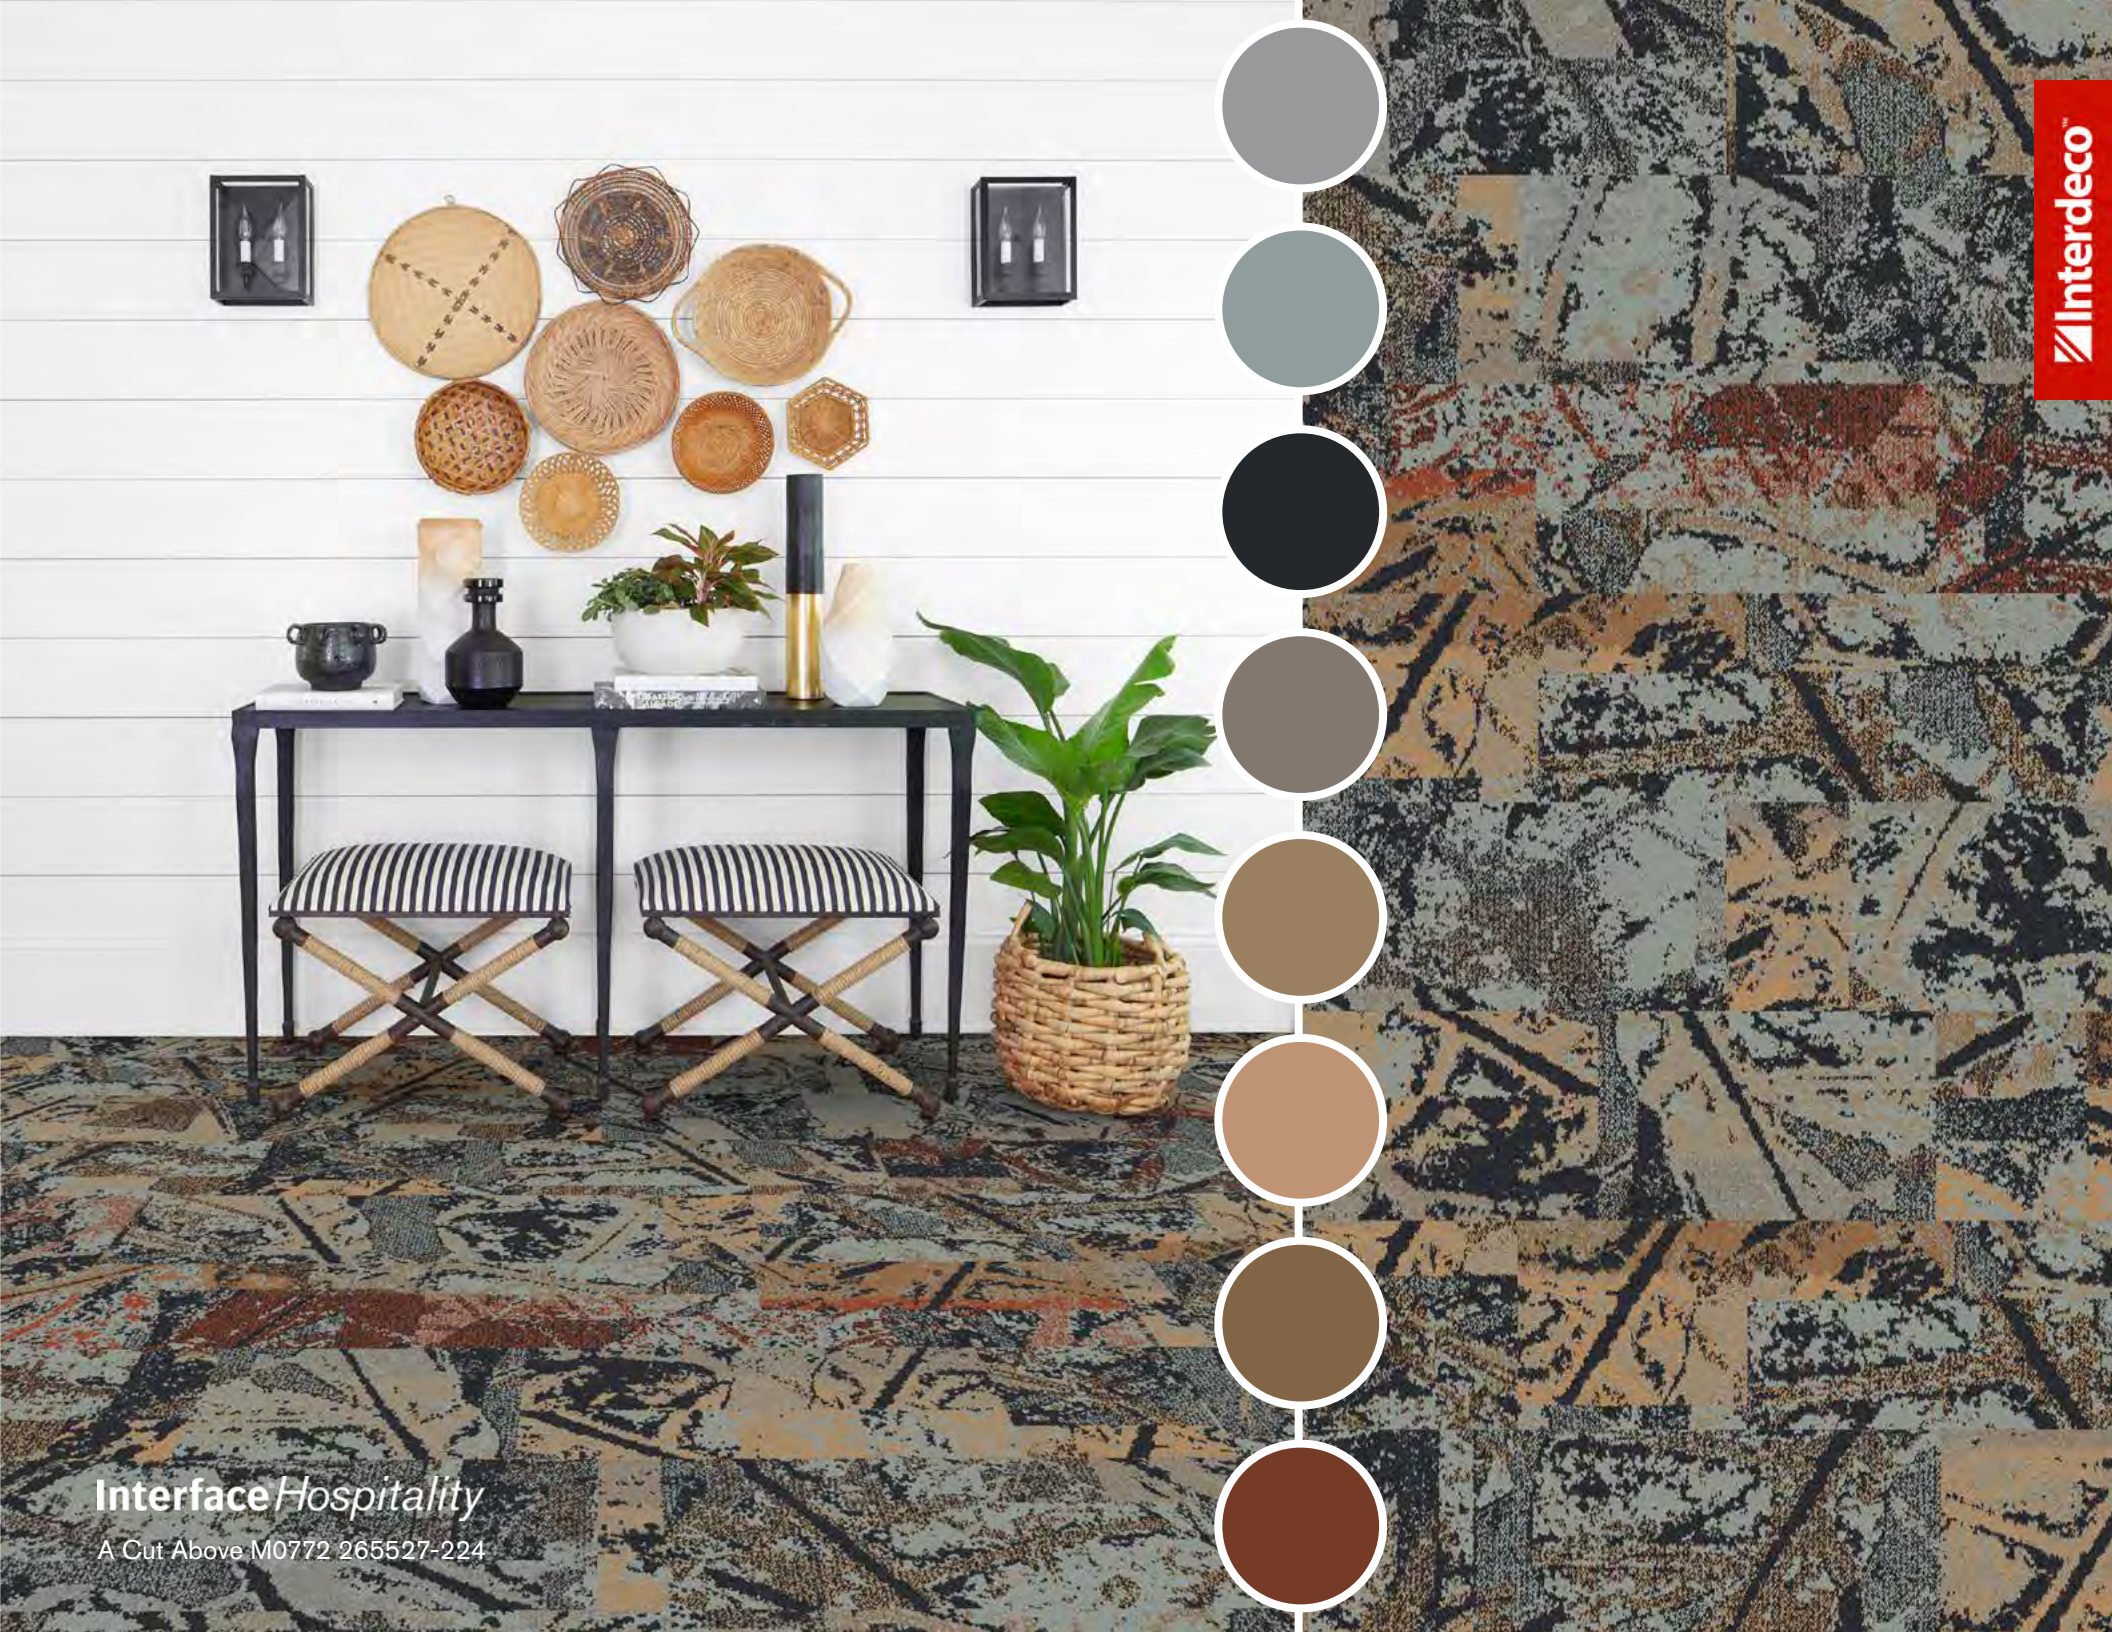

A Cut Above™ Planks

This fresh take on our most dynamic patterns combined with a luxurious, tip-sheared finish equals a floor that is truly A Cut Above.

What follows are some suggested colorations. Use one of our suggestions or let our in-house design team help bring your palette and pattern preferences to life.

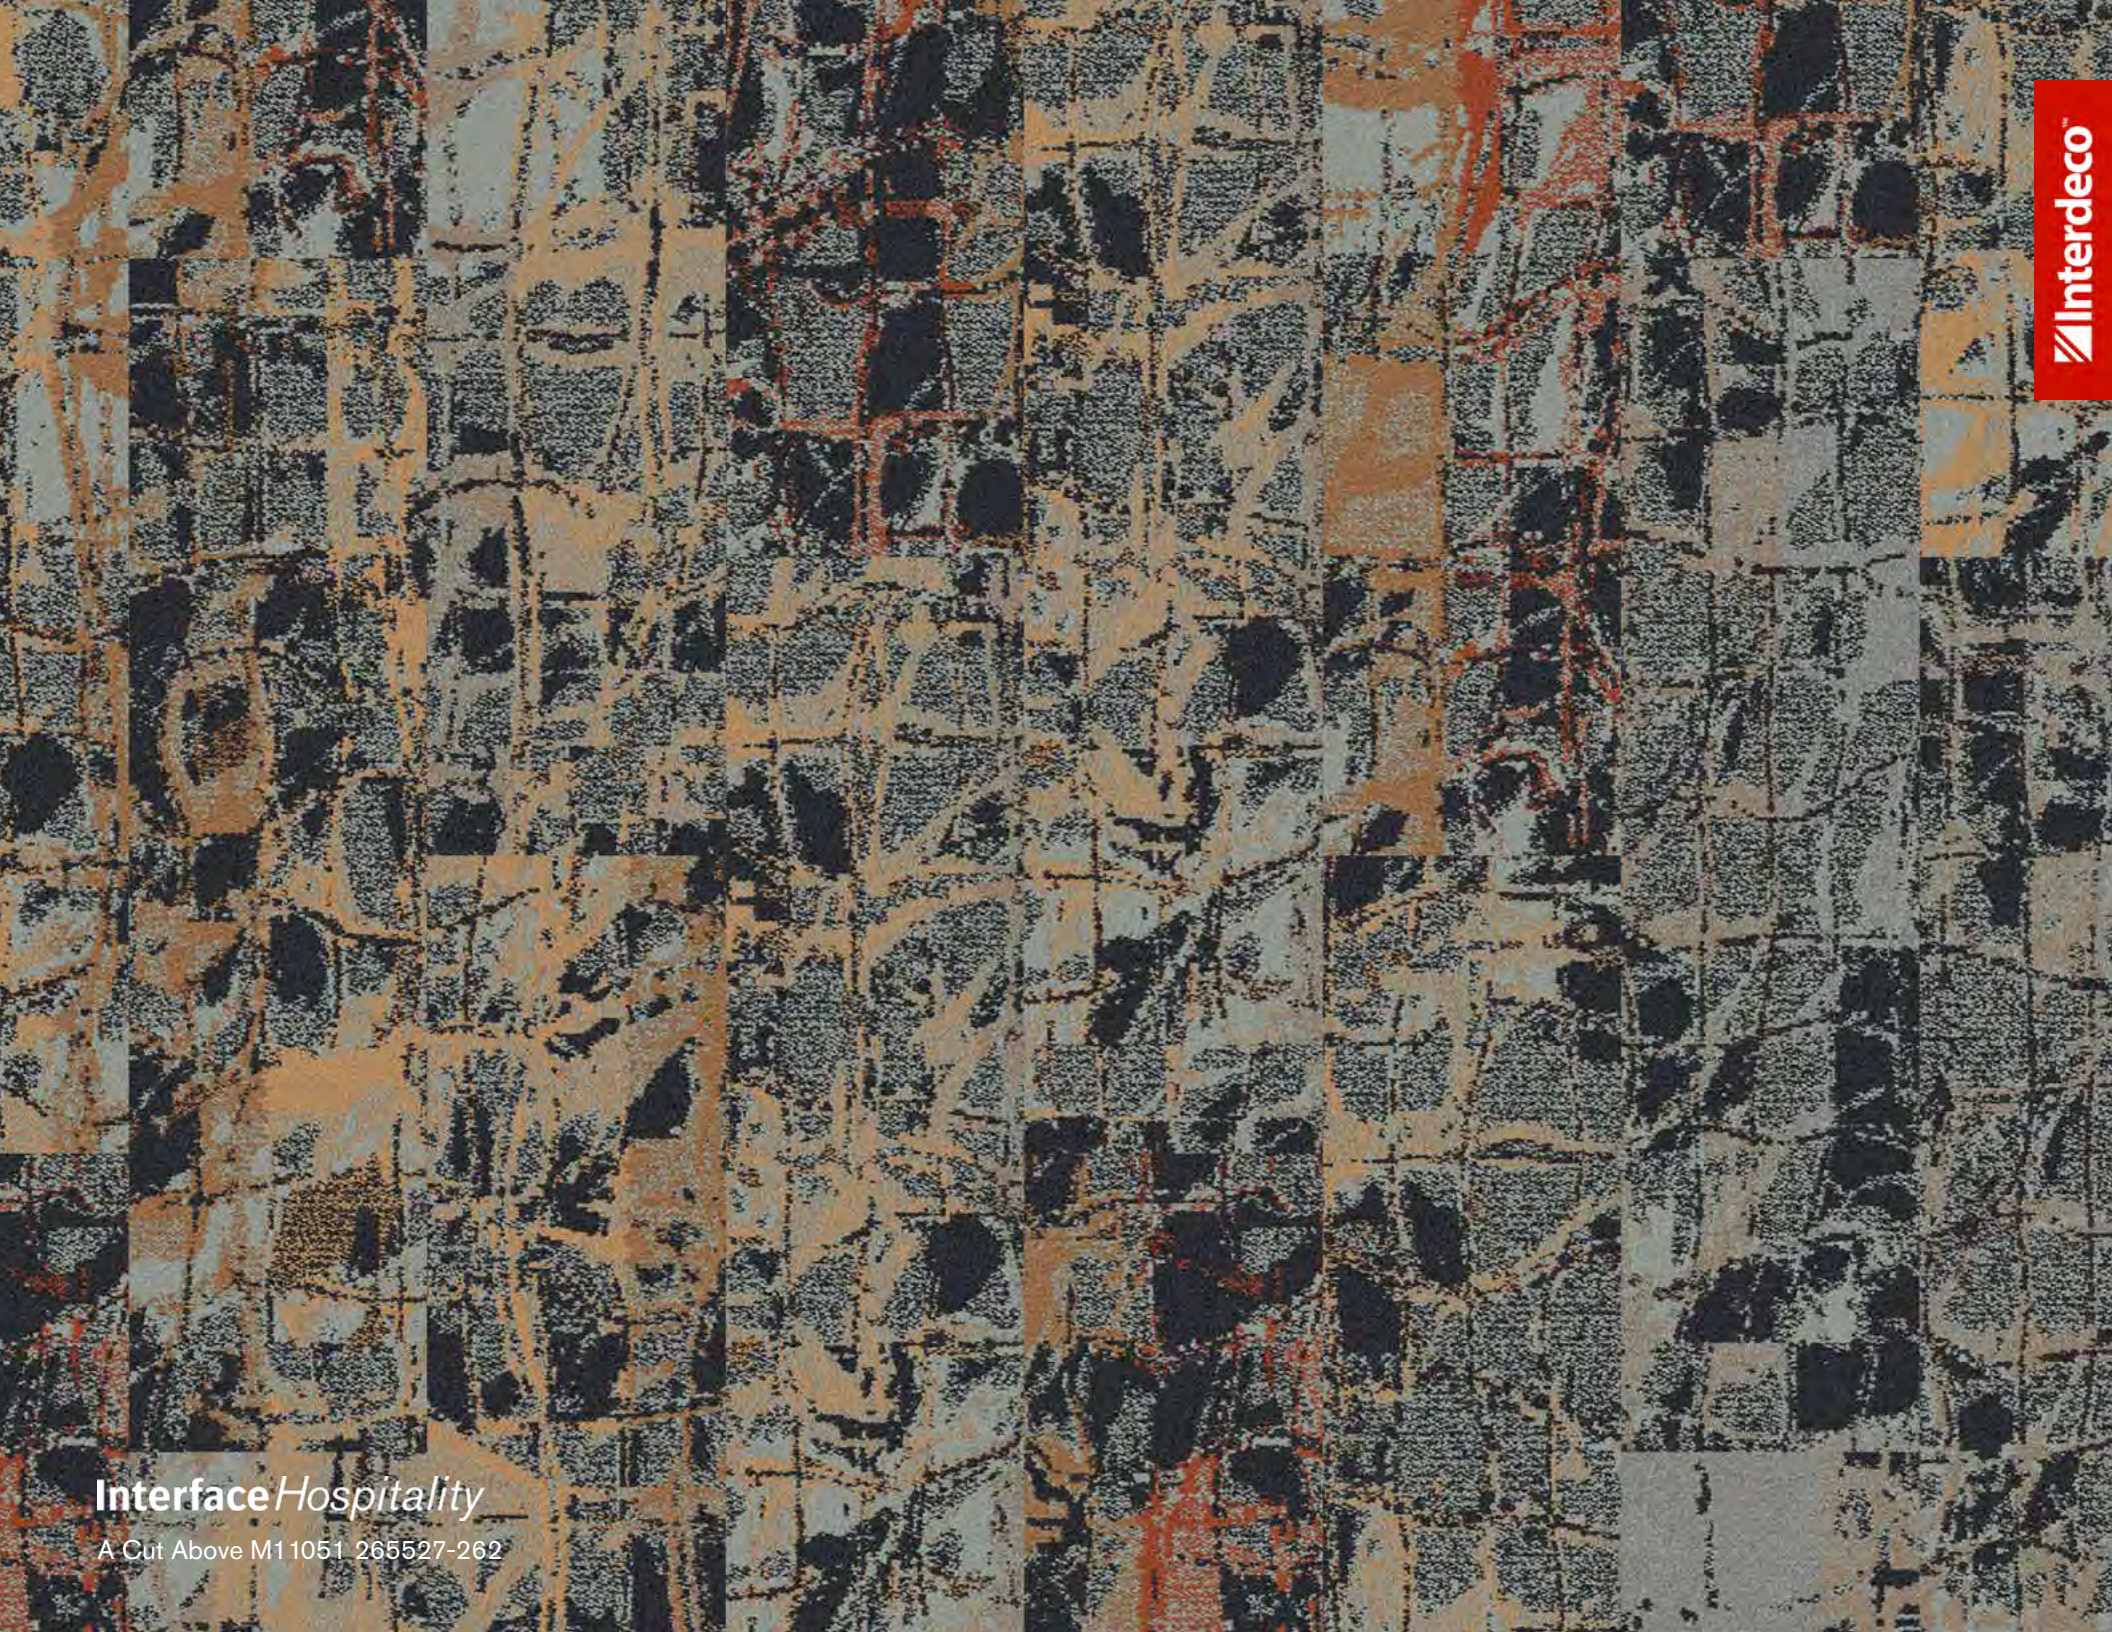

Interface Hospitality's modular system of products – carpet tile, LVT and nora® rubber flooring – makes delivering on form and function seamless. Our LVT is a perfect match to our carpet tiles so you can transition beautifully and never double up on flooring.
