Climate change is undeniable. And reversible. Our mission is to prove it. Join the #ClimateTakeBack and help create a climate fit for life.

Look Both Ways is a collection of carpet tile and LVT patterns combining Zen-like purity with playfulness. Marrying purpose and function with your intention, these styles create landscapes that perform and delight in infinite ways.

Walk of Life $^{\mathbb{T}}$, the bedrock of the LVT collection, is gritty, not polished. Sharing the same urban gray palette, Walk the Aisle $^{\mathbb{T}}$ sparkles with a luminescent fleck that energizes the surface. Walk About $^{\mathbb{T}}$ appears carved in ways that conjure pattern-love from the 1920s, 1980s, and today. And finally Walk on By $^{\mathbb{T}}$ is a vision of pure joy in brights & neutrals. Step, walk or run, but definitely look both ways for design inspiration.

Carbon Neutral Floors™ Like all of our products, globally, Look Both Ways is carbon neutral. Join us in creating a climate fit for life. #ClimateTakeBack

Specifications

A012 (Walk of Life) Product Number A013 (Walk the Aisle) Product Number A014 (Walk About) Product Number Product Number A015 (Walk on By)

Product Construction High Performance Luxury Vinyl Tile

Class III Printed Vinyl Tile Class / ASTM F1700

Wear Layer Thickness 22 mil Total Thickness 4.5 mm

Backing Class Commercial Grade Ceramor™ Coating Finish

Nominal Dimensions 50cm x 50cm (19.69 in x 19.69 in)

Performance

(ASTM E492-09) 57 IIC IIC Sound Rating

(ASTM D2047) >0.55 wet/dry, ADA Compliant Slip Resistance (ASTM F970) 1500 psi

Static Load Limit Flexibility (ASTM F137) Passes (ASTM F1514) Passes Resistance to Heat (ASTM F1515) Passes Resistance to Light Radiant Flux (ASTM E648) Class I (ASTM E662) Passes, ≤450 Smoke Density

(ASTM F2055) Passes, +/- 0.016 in. per linear foot Size & Squareness

Thickness (ASTM F386) Passes (ASTM F2199) Passes Dimensional Stability (ASTM F1914) Passes Residual Indentation Resistance to Chemicals (ASTM F925) Passes

Environmental

FloorScore®/CDPH 01350 Certified for low-VOC Indoor Air Quality emissions

Free of Ortho Phthalates, Added Formaldehyde and Material Composition

Heavy Metal Stabilizers Environmental Product Declaration

Ingredients & Life Cycle Impacts Carbon Footprint 3rd Party Verified Carbon Neutral NSF/ANSI 332, Meets Certification Guidelines

Sustainability Assessment LEED v4

Contributes to IEQ: Low Emitting Materials; M&R:

EPD and EPR

Fully Recyclable LVT to Carpet Tile Backing End of Life

Packaging

26.91 sq. ft. (2.5 m²) Square Feet per Carton Pieces per Carton 10 Weight per Carton 40 lbs (18 kg) Cartons per Pallet 40 20 Pallets per Truckload

LVT & Carpet. A power duo.

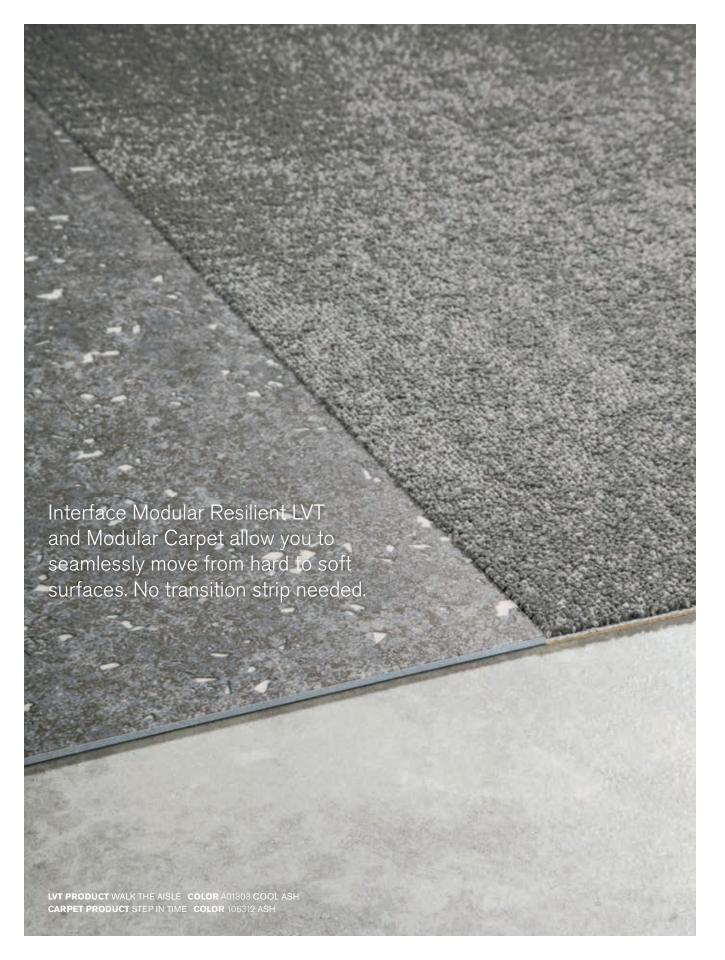

Look Both Ways combines hard and soft flooring with intentional design, which makes choosing the right materials for your space even easier. Seamlessly move from carpet tile in a private work area to LVT in a busy corridor, without changing patterns or using transition strips. Brighten a small, but heavily trafficked space with a lighter shade of LVT and create nested areas with inset area rugs. Every mix is a match with no sacrifice of performance or aesthetics.

Why Our Modular Resilient LVT?

Integrated System.

Say goodbye to transition strips and doubling up. Our modular resilient floorings are made to work as a system with our modular carpet. The compatible size and height of our products allows you to integrate modular carpet for an inset rug or an adjacent field – no transition strip required. You'll avoid doubling up on materials and save money.

Real Flexibility.

Create a unique look that lasts. Interface modular resilient LVT makes it easy to extend the life of your floor. From simple maintenance like damp mopping to selectively replacing damaged tiles, your flooring investment will stand the test of time - beautifully and effortlessly.

Circular System.

Keep flooring out of the landfill. Our modular resilient LVT is produced with a controlled material stream so it can be reclaimed and recycled into our GlasBac™RE recycled content backing through our ReEntry™ program.

Noise Reduction.

Silence distractions. Interface is helping create +Positive spaces™ with our LVT with Sound Choice backing. Sound Choice is a specially formulated backing developed for superior noise reduction, offering you best-in-class performance for reduced impact sound and floor to floor sound transmission.

High Performance from Top to Bottom.

- **1.** Ceramor[™] Coating. Minimizes everyday scratching and scuffing.
- **2.** Wear Layer. High quality layer enabling 15 years of resilience and performance.
- **3.** *Print Film.* Provides outstanding visuals of natural materials and Interface innovative designs.
- **4.** Core Sheet. Creates a thickness for a stronger core and reduces telegraphing from beneath.
- **5.** Fiberglass. Adds dimensional stability and controlled flexibility.
- **6.** Core Sheet. Creates a thickness for a stronger core and reduces telegraphing from beneath.
- **7.** Sound Choice[™]. Provides comfort and superior acoustic performance.

Third Party Certification.

Carbon Neutral Floors. All Interface flooring sold globally is third party verified carbon neutral. We've taken a holistic approach to achieve carbon neutrality, first through reducing the carbon footprint of our products and then using carbon offsets for the remainder.

Environmental Product Declaration (EPD). Interface LVT products are covered by an EPD. An EPD provides a comprehensive statement of product ingredients and environmental impacts based upon life cycle assessment performed to ISO standards.

Sustainable Assessment. Interface LVT meets the certification standards of the NSF/ANSI 332 Sustainability Assessment for Resilient Floor Coverings. This standard evaluates the environmental impact of resilient floor covering for its entire lifecycle.

Indoor Air Quality. All Interface modular flooring products meet the highest standards for indoor air quality. Interface LVT is FloorScore® Certified, assuring very low emissions of VOCs.
