

Mindful Play

ShawContract®

Collaborate and connect

Flooring lays the foundation for spaces that inspire imaginations, invite experimentation and problem solving, creating the thinkers, dreamers and doers of tomorrow. Mindful Play is made for lively interaction between people and spaces. Simple, geometric forms and powerful color blocking

inspire collaboration and connection. Mindful Play's design offers a large, dynamic pattern repeat and high contrast color blocking. The variation in the pattern performs in demanding environments by camouflaging day-to-day and long-term wear.

COVER: **INSPIRE (12X24 LVT 0884V)** IN TEAL (84405) + ENCOURAGE (84535) | INSTALLED HERRINGBONE

 RIGHT: **INSPIRE (12X24 LVT 0884V)** IN TEAL (84405) + ENCOURAGE (84535) | INSTALLED MONOLITHIC

Expansive solutions

Inspire is offered in both 2.5 mm and 5 mm thicknesses that allow for versatility. The 2.5 mm thick tiles are available as 12x24 inch | 30x61 cm planks while the 5 mm thick tiles are 24x24 inch | 61x61 cm squares. The 5 mm thick profile works alongside carpet tile for smooth transitions throughout your space with no need for a transition strip.

On average, people spend approximately 90% of their time indoors, making those environments critical to our well-being. Our products are often at the center of those spaces—underfoot in offices, healthcare settings and classrooms around the world. That is why Inspire is FloorScore® certified ensuring healthy indoor air quality with low VOC emissions and manufactured to be ortho-phthalate-free.

Color and Visual Variation

Color and visual variation is inherent in all modular resilient products. It can vary slightly or significantly from piece to piece within a color. V1 variation has little or no variation from piece to piece. V4 will have a large variation in color and visual.

V4 Clarity 84111

V4 Nuance 84515

V4 Encourage 84535

Coordinating Carpet

A part of the Mindful Play collection, Inspire complements carpet and resilient to create cohesive flooring solutions that transition seamlessly from space to space. Inspire is offered in both 2.5 mm and 5 mm thicknesses that allow for versatility.

IMPACT (CARPET TILE 5T188) IN TEAL (86405) | INSTALLED MONOLITHIC

ENGAGE (CARPET TILE 5T187) IN EXPERIENCE LIME (86536) | INSTALLED RANDOM

THINK (CARPET TILE 5T186) IN EXPERIENCE (86535) | INSTALLED BRICK

Engineered with a layered construction for enhanced durability, Inspire is designed to perform in high-traffic environments. Our ExoGuard+™ high-performance finish enhances long-term appearance through resistance to scratches and scuffs.

Superior Durability

ExoGuard+™ advanced topical finish technology delivers the highest performance scratch resistance and resists UV light degradation, hand sanitizers, disinfectants and common stains.

Polish-Optional Reduces Cost

ExoGuard+™ is a polish-optional finish that can reduce the cost of annual maintenance. If a polished look is desired it requires no coating prep work.

No Transitions Needed

5 mm LVT can be installed next to most carpet tiles without the need for transition strips.

Quick Ship

As a quick ship product you can order material when you need it up to 25,000 square feet and it will arrive within two weeks or less.

LEEDv4 Contributions

IEQ – FloorScore® IAQ Certification
MR – RFCI Industry Average EPD

Made in USA

Manufactured in the United States.

Product Details

Pattern Repeat

Tile size is not divisible into pattern repeat length resulting in a wide variety of unique tiles after the cutting process.

Installation Methods

Ashlar, Brick, Stagger, Herringbone, Monolithic

Recommended Adhesives

Shaw 4100, S150 or Shaw 4151

Recommended Applications

Ideal for Heavy Commercial Environments:

Education | Healthcare | Hospitality
Multi-Family | Retail | Senior Living | Workplace

	Light	Moderate	Heavy
Foot Traffic	██████████	██████████	██████████
Rolling Loads	██████████	██████████	██████████
Static Loads	██████████	██████████	██████████

This product is manufactured and sold for floorcovering use only. To meet warranty requirements, approved adhesives must be used for glue-down application as outlined in the Shaw Contract installation instructions. Installation and maintenance instructions can be found on shawcontract.com. Specifications are subject to nominal manufacturing variances. Material supply and/or manufacturing processes may necessitate specification changes without notice. Not for use in commercial wet areas due to slip and fall concerns.
