## Täpid Collection

# TÄPID

While a single polka dot feels like an obscure light emerging from a haze, a combination of many dots creates an army of energy and fluctuating rhythm. This is shown in the vibrant and aggressive Täpid Collection with its passionate interaction between color, form, and history. Täpid's abstract collection of polka dots generates a sense of nostalgia with its Russian avant-garde and bright pop-art color references. Using the capabilities of Durkan's Definity technology, we stenciled white dots onto dazzling textured patterns to evoke the infinite feeling of stars in a night sky.

—Yelena Rodina

Täpid is featured in Durkan's innovative Definity technology which redefines luxury performance with patterning and textures never before seen in the industry. Enhanced surface detailing provides more than twice the definition of any other high-end hospitality carpet. Durkan's exclusive technology creates precision sculpted dimension for incredible visual and tactile experiences.

DURKAN. IMAGINE THAT.

# Product Guide

Täpid is available in Definity, PDI and CYP constructions. Each product type utilizes a different manufacturing process which can yield variations in color and texture. Please refer to the guide below for specific color information.

## Definity

Durkan's innovative Definity technology is available in up to 12 colors and features our unique precision sculpted technology which explores and emphasizes dimensional effects.

Shown, right and opposite page: QTW63362-MW453

## PDI

Durkan's Precision Dye Injected (PDI) construction offers a range of patterns available in 12 colors.

Shown, right: D65797-MW453

## CYP

Durkan's Computer Yarn Placement (CYP) construction offers a range of patterns available in 6 colors.

Shown, right: UT65798-MW453
