London.

Paris.

New York.

Milan.

The four fashion capitals of the world inspired this second edition of focused palettes. Selections from our standard offering of styles and colors are assembled to address lobbies, corridors and guest rooms. Think of it as ready-to-wear for your property.

Let's shop.

CORRIDOR ←

A close-up photograph of a hand pouring dark chocolate into a metal cup. The chocolate is thick and glossy, dripping down the side of the cup. The background is a blurred, textured surface, possibly a piece of fabric or a wall. The lighting is warm and focused on the chocolate.

Steady, constant,
progressive. London
defines that unique
ability to methodically
move forward
while cloaked in an
air of restraint.

CORRIDOR ←

Yes, the parks and
the springtime, but
truly it is the light.
As if emanating
light from within,
every place, every
color, everything is
reinvented under
the Paris sun.

WHY MODULAR FLOORING?

Flexibility

Keep Your Floor Beautiful. Modular flooring allows you to play with pattern and design without having to special order sizes. And the same flexibility that lets you create your floor helps you keep it looking good because in-house staff can easily replace individual tiles that become damaged or heavily soiled—no down time or outside contractors required.

TacTiles®

No Glue Installation. Our revolutionary TacTiles installation system eliminates the need for glue, adhering tiles securely together to form a floor that “floats” for greater flexibility, easier replacement and long-term performance. The result? Less mess, less waste and virtually no VOCs, not to mention an environmental footprint that is over 90% lower than that of traditional glue adhesives.

Intersept®

Mold Protection. Our proprietary preservative, Intersept, protects our modular carpet against mold growth and odor-causing bacteria — guaranteed. Intersept treated carpet, with proper maintenance, shows no mold or bacterial growth when tested per the ASTM E2471 Standard Test Method. Intersept is EPA approved for safe use in carpet, water insoluble and contains no halogens, heavy metals, phenols or formaldehyde.

Less Waste

Save Money. Interface Hospitality’s modular flooring averages just 3.9% installation waste compared to as much as 18% or more with patterned roll carpet. Use our non directional styles with an average of 1.5% waste and save even more. That means more of your flooring investment stays on the floor—not in a dumpster.

Sustainable Choice

Environmental Responsibility. Interface was the industry’s first to earn an EPD (Environmental Product Declaration), which evaluates consistent factors based on full lifecycle assessment (LCA). In addition, all of our products with GlasBac®, GlasBacRE and NexStep® backings meet NSF/ANSI 140 Sustainable Assessment for Carpet.

CushionBac Renew™

Get Comfortable. Enjoy greater comfort underfoot and improved acoustics with our high performance CushionBac Renew backing. The 21 oz. felt cushion provides less resistance to footfalls and increased sound absorption to create a more comfortable environment overall. As one of our low carbon options, CushionBac Renew also offers a total product recycled content of up to 76% (up to 25% post-consumer content), and can be recycled into our GlasBac®RE backing.

cool floor™

Cool Floor™

Our third party verified carbon offset program zeroes out all greenhouse gas (GHG) emissions associated with the entire lifecycle of your flooring.

Sustainable Assessment for Carpet

The only carpet sustainability standard in North America that evaluates the environmental impact of carpet for its entire lifecycle.

CRI Green Label Plus

An independent testing program that identifies carpet and adhesives with very low emissions of VOCs to help improve indoor air quality.

Environmental Product Declaration (EPD)

A statement of product ingredients and environmental impacts over the entire lifecycle of a product. A comprehensive life cycle assessment (LCA) is performed to ISO standards to develop an EPD, after which both the EPD and the LCA must be third party verified.
