

Level Set Collection | LVT
Textured Woodgrains

With thoughtful consideration for design, performance and a sustainable path, we've crafted a foundational collection of luxury vinyl tiles that fit perfectly into the Interface flooring systems.

Level Set Textured Woodgrains is a selection of 25cm x 1m Skinny Planks™ in classic wood looks and a highly textured finish inspired by distressed, reclaimed and exposed finishes. Textured Woodgrains is offered in a range of earthy neutrals from light to dark.

It's not only a perfect match to our Skinny Planks and square carpet tiles, it is also a perfect fit in terms of thickness. This means you can easily install our resilient and soft flooring to create an integrated floor or inset rug, and move effortlessly from surface to surface without transition strips.

We design all our products with the ability to feed ReEntry®, our reclamation program. And, of course, like all of our products made around the world, the Level Set Collection is carbon neutral—just some of the many steps we take toward creating a climate fit for life. Join the **#ClimateTakeBack** movement.

Specifications

Product Number	A004
Product Construction	High Performance Luxury Vinyl Tile
Class / ASTM F1700	Class III Printed Vinyl Plank
Wear Layer Thickness	22 mil
Total Thickness	4.5 mm
Backing Class	Commercial Grade
Finish	Ceramor™ Coating
Nominal Dimensions	25cm x 1m (9.845 in x 39.38 in)

Performance

IIC Sound Rating	(ASTM E492-09) 57 IIC
Slip Resistance	(ASTM D2047) >0.55 wet/dry, ADA Compliant
Static Load Limit	(ASTM F970) 1500 psi
Flexibility	(ASTM F137) Passes
Resistance to Heat	(ASTM F1514) Passes
Resistance to Light	(ASTM F1515) Passes
Radiant Flux	(ASTM E648) Class I
Smoke Density	(ASTM E662) Passes, ≤ 450
Size & Squareness	(ASTM F2055) Passes, +/- 0.016 in. per linear foot
Thickness	(ASTM F386) Passes
Dimensional Stability	(ASTM F2199) Passes
Residual Indentation	(ASTM F1914) Passes
Resistance to Chemicals	(ASTM F925) Passes

Environmental

Indoor Air Quality	FloorScore®/CDPH 01350 Certified for low-VOC emissions
Material Composition	Free of Ortho Phthalates, Added Formaldehyde and Heavy Metal Stabilizers
Ingredients & Life Cycle Impacts	Environmental Product Declaration
Carbon Footprint	3rd Party Verified Carbon Neutral
Sustainability Assessment	NSF/ANSI 332, Meets Certification Guidelines
LEED v4	Contributes to IEQ: <i>Low Emitting Materials</i> ; M&R: <i>EPD and EPR</i>
End of Life	Fully Recyclable LVT to Carpet Tile Backing

Packaging

Square Feet per Carton	26.91 sq. ft. (2.5 m ²)
Pieces per Carton	10
Weight per Carton	40 lbs (18 kg)
Cartons per Pallet	40
Pallets per Truckload	20

Technical Information

Installation	See Interface LVT Installation Guidelines online
Maintenance	See Interface LVT Maintenance Guidelines online
Reclamation	Recyclable through ReEntry® - Call 1.888.733.6873 (U.S.) / 1.866.398.3191 (Canada)
Warranty	15 Year Limited Commercial Warranty
Installation Methods	Ashlar, Herringbone

The image shows a close-up of a floor transition. On the left, there is a dark grey LVT with a wood grain pattern. In the center, there is a carpet with a multi-colored heather weave pattern in shades of blue, yellow, and grey. On the right, there is a light grey concrete floor. A thin metal transition strip is visible at the bottom, separating the carpet and concrete from the LVT. The transition is seamless, with no visible gaps or strips between the materials.

Interface Modular Resilient LVT
and Modular Carpet allow you to
seamlessly move from hard to soft
surfaces. No transition strip needed.

Integrated System.

Say goodbye to transition strips and doubling up. Our modular resilient floorings are made to work as a system with our modular carpet. The compatible size and height of our products allows you to integrate modular carpet for an inset rug or an adjacent field – no transition strip required. You'll avoid doubling up on materials and save money.

Real Flexibility.

Create a unique look that lasts. Interface modular resilient LVT makes it easy to extend the life of your floor. From simple maintenance like damp mopping to selectively replacing damaged tiles, your flooring investment will stand the test of time - beautifully and effortlessly.

Circular System.

Keep flooring out of the landfill. Our modular resilient LVT is produced with a controlled material stream so it can be reclaimed and recycled into our GlasBac®RE recycled content backing through our ReEntry® program.

Noise Reduction.

Silence distractions. Interface is helping create +Positive spaces™ with our LVT with Sound Choice backing. Sound Choice is a specially formulated backing developed for superior noise reduction, offering you best-in-class performance for reduced impact sound and floor to floor sound transmission.

High Performance from Top to Bottom.

- 1. Ceramor™ Coating.** Minimizes everyday scratching and scuffing.
- 2. Wear Layer.** High quality layer enabling 15 years of resilience and performance.
- 3. Print Film.** Provides outstanding visuals of natural materials and Interface innovative designs.
- 4. Core Sheet.** Creates a thickness for a stronger core and reduces telegraphing from beneath.
- 5. Fiberglass.** Adds dimensional stability and controlled flexibility.
- 6. Core Sheet.** Creates a thickness for a stronger core and reduces telegraphing from beneath.
- 7. Sound Choice™.** Provides comfort and superior acoustic performance.

Third Party Certification.

Carbon Neutral Floors. All Interface flooring sold globally is third party verified carbon neutral. We've taken a holistic approach to achieve carbon neutrality, first through reducing the carbon footprint of our products and then using carbon offsets for the remainder.

Environmental Product Declaration (EPD). Interface LVT products are covered by an EPD. An EPD provides a comprehensive statement of product ingredients and environmental impacts based upon life cycle assessment performed to ISO standards.

Sustainable Assessment. Interface LVT meets the certification standards of the NSF/ANSI 332 Sustainability Assessment for Resilient Floor Coverings. This standard evaluates the environmental impact of resilient floor covering for its entire lifecycle.

Indoor Air Quality. All Interface modular flooring products meet the highest standards for indoor air quality. Interface LVT is FloorScore® Certified, assuring very low emissions of VOCs.

PLEASE RECYCLE

Printed on 50% post consumer waste (PCW) fiber manufactured using wind power.

We have tried our very best to accurately represent product colors. However, due to the nature of printed materials, color of actual products may vary slightly. Please request a sample to see actual product color.
