LAYER Upon LAYER

The shifting gleam of lapis lazuli, malachite, quartzite and tiger's eye. The dusky crackle of Japanese raku pottery. The weathered texture of well-loved, vintage furniture. The patina of ancient Persian rugs.

Introducing the Layered Luxe collaboration with David Rockwell, layer upon layer of inspiration reveals new depths of rich pattern and sensuous expression to draw you in. Organic form meets linear division. Tonal shifts exchange an ebb and flow of light and shadow. Uncover the ultimate luxury with our most opulent collection to date. And create an environment that is at once immersive and engaging.
