design on the fly

With Diffuse + Disperse, you rule the floor. Clever coloring and layered textures let you blend dye lots imperceptibly and replace selectively. Two flexible sizes give you the freedom to install tiles randomly, zig and zag, square and plank.

make your move.

FORM

COLOR

24x24

9x36

Let your shape run wild. You have a vision in mind. Now imagine, changing it at will. The combination of 9 x 36 and 24 x 24 tiles means you can go monochromatic subtle or make a progressive color statement. Zag instead of zig. Explore unique shapes. Experiment diverse color hues. You've got color carte blanche. And the ability to let your creativity loose.

This carpet is manufactured and sold for floorcovering use only. Chair pads are recommended under office chairs with roller casters in order to protect appearance retention and to avoid premature wear. Walk off tiles are recommended at building entrances. As with all carpets, colors are subject to dye lot variations. Shading is the result of pile distortion and often is described as "watermarking." This does not constitute a manufacturing defect. To meet warranty requirements, approved adhesives and seam sealers must be used for glue-down application as outlined in the Shaw backing system brochure. Specifications are subject to nominal manufacturing variances. Material supply and/or manufacturing processes may necessitate specification changes without notice. This carpet is an exclusive design and may not be duplicated in any manner, use of this design in the creation of another carpet design is also strictly prohibited.
