CHELSEA

CHELSEA collection embraces images from two beautiful locations in London and New York.

μμWhile Chelsea London is filled with classical Georgian architecture & famous for it's exclusive lifestyle, sometimes referred to as the "village of palaces". It has been home to iconic celebrities throughout the ages, ranging from Oscar Wilde to Mick Jagger. Classic to Modern, just as these designs reflect.

μμChelsea New York is also a stunning area with streets lined with graceful trees and a combination of historic building designs, the area also reflects a fusion of old & new design trends. It is also renowned as the center of the city's art world with over 200 galleries.

μμThese gracefully elegant and contemporary places inspired me to create these transitional designs showing the organic influences of tree bark & leaves from the beautiful parks, as well as the architectural persuasions that embrace old worlds and new and are illustrated both structurally & abstractly in shapes, textures and styles throughout the various patterns.
